ABOUT US

Following last year's challenging, but exciting learning path Dr Esmeralda Zerafa (Summer School Leader) and Ms Rita Bacica (Summer School Middle Leader), have once again teamed up to bring to life another amazing summer school experience. Joining them this year is Ms Shakyra Sciberras as Summer School Junior Programme Leader.

This summer all learners will embark on a magical journey to tour the world in 36 days while keeping Covid-19 at bay!

Our young critical thinkers will safely scout cultures around the globe whilst finding creative eco-solutions to maintain a low carbon footprint.

Our popular activities have been retained, some new ones added such as: woodwork, hexagonal thinking and 'Grow Your Own Garden Patch' to mention but a few.

We look forward to welcoming our young learners on board. What a thrilling adventure!
